ABSTRACT

This report provides the licensure examination results for two-year technical associate degrees and one-year certificate programs leading to professions requiring licensure or certification. The Texas Higher Education Coordinating Board uses this information as part of its overall assessment of the effectiveness of vocational education programs at community and technical colleges in the state. The 2002 Statewide Annual Licensure Report includes data on 41 licensure/certification examinations ranging from aircraft mechanic and court reporter to surgical assistant and water operator. The data collected includes the number of individuals from each school who took the exam, and the number who passed. Many programs are not included in the Licensure report due to various limitations. This report lists the programs that have inclusion limitations. Statewide examination results for 2001 reported here include the following: (1) 1,506 individuals took the law enforcement, peace officer--academy exam and 1,124 passed, for a pass rate of 75%; (2) 2,049 individuals took the nurse, LVN exam and 1,800 passed, for a pass rate of 88%. Forty-six individuals took the court reporting exam. Ten people passed, for a pass rate of 22%. The report includes exam results for 1998-2001 by state, by program, and by college and provides an overview of specific licensure exams. (NB)

2002 Statewide Annual Licensure Report

Introduction

This report provides the licensure examination results for two-year technical associate degrees, and one-year certificate programs, leading to professions requiring licensure or certification. The Texas Higher Education Coordinating Board uses this information as part of its overall assessment of the effectiveness of vocational education programs at community and technical colleges in the state.

In the spring of 1997, the Coordinating Board and the Legislative Budget Board expressed an interest in using licensure data as a specific performance measure of programs at community and technical colleges. Effective September 1, 1997, the 75th Texas Legislature enacted House Bill 2517 requiring public community colleges to annually report on nine performance measures. One of these measures is the percentage of students who pass a licensure exam.

Licensure is mandated by state law. It offers practitioners title protection and defines the scope of practice for a field. Licensure examinations test a person's knowledge to ensure a certain level of competence. By testing, the state or professional organization that awards the license helps to safeguard the public from injury by the practitioner. Certification is not legislatively mandated, and is offered through non-government agencies and associations. A certifying body grants recognition of an individual's attainment of defined professional qualifications and continuing education efforts.

The Coordinating Board recognizes that the success rate for licensure and certification is an integral part of the overall success of many workforce development programs. This report adds to the ongoing process of continuous improvement, and promotes accountability in Texas community and technical colleges.

Methodology

In June 2002, Coordinating Board staff contacted the agencies and professional organizations responsible for licensure or certification testing in order to obtain information for the *2002 Statewide Annual Licensure Report*. The staff requested that agencies and professional organizations provide results for examinations administered in the 2000-2001 academic year. The requested data included the number of individuals from each school who took the licensure/certification exam, and the number who passed. The public community and technical college programs included in this report have been approved by the Coordinating Board.

The *2002 Statewide Annual Licensure Report* includes data on the following forty-one licensure/certification examinations:

- Aircraft Mechanic – Airframe, General, Powerplant
- Barber / Hairstylist
- Breath Test Operator
- Child Care Administrator
- Cosmetologist, Cosmetology Instructor
- Court Reporter
- Emergency Medical Technician Basic, Emergency Medical Technician Intermediate, Paramedic

Limitations

Many programs are not included in the Annual Licensure Report due to various limitations. The majority of state agencies and professional organizations do not track licensure examination results by the college a candidate attended. Several agencies were only able to provide incomplete licensure data. Other programs were excluded from this year's report due to the Coordinating Board's decision to refrain from collecting licensure information directly from the community colleges. Additionally, several agencies now charge fees ranging from $13 to $790 to generate licensure data reports. The licensure/certification programs that have inclusion limitations are as follows:

- **Air Conditioning and Refrigeration Contractor**
  The Texas Department of Licensing and Regulation maintains data on this profession, but does not currently track each candidate's education records. Though training is offered at community colleges, college coursework is not required to become a licensed contractor.

- **Automotive Technician**
  The National Institute for Automotive Service Excellence (NIASE) certifies candidates in this field. While many public community and technical colleges offer automotive technician training programs, NIASE does not have minimum education requirements for its candidates.

- **Cardiovascular Technologist**
  The certifying organization for this field, Cardiovascular Credentialing International, does not maintain data on a candidate's training institution.

- **Dental – Assistant, Hygienist, Laboratory**
  The State Board of Dental Examiners has contracted with the Western Regional Examining Board (WREB) to provide licensing services for this field. The WREB does not provide information to outside agencies.

- **Diagnostic Medical Sonographer**
  The American Registry of Diagnostic Medical Sonographers (ARDMS) is responsible for licensure in this field. ARDMS does not maintain education data on examinees, and requires the social security numbers of candidates in order to process reports.

- **Dietetic Technician**
  The Commission on Dietetic Registration, the organization that offers registration in this field, does not release program-related data without prior written consent from each institution.

- **Health Information Management Technician**
  The American Health Information Management Association maintains examination data for this field. Certification in this field is voluntary.

- **Horse Trainer**
  While North Central Texas College offers a program in Equine Science, the Texas Racing Commission does not require any formal coursework for licensure in this field.

- **Industrial Technology Teacher**
  The first graduates of this new community and technical colleges program were tested in early 2002. The State Board for Educator Certification will participate in the 2003 Licensure Report.

- **Insurance Agent**
  The Texas Department of Insurance, the licensing body for this field, does not maintain education records for insurance agent candidates.

- **Interior Designer**
  The Texas Board of Architectural Examiners does not compile data on a candidate's educational experience.

- **Landscape Irrigation**
  The Texas Natural Resource Conservation Commission does not track exam information by training provider.

- **Legal Assistant / Paralegal**
  Certification in this field, through the National Association of Legal Assistants and the National Federation of Paralegal Associations, is voluntary.

- **Loan Officer / Mortgage Broker**
  The Texas Savings and Loan Department is responsible for licensure in this field. No examination is required for licensure, which is based on education and experience only.

- **Medical Laboratory Technician**
  Though the American Society of Clinical Pathologists (ASCP) participated in the 2001 Annual Report, their policies have changed. In order to generate the exam performance statistics requested by the Coordinating Board, ASCP now requires the prior receipt of a reporting fee.

- **Medication Aide**
  The Texas Department of Health's Long Term Care Regulatory Credentialing Department is responsible for certification in this field. The agency does not collect information specific to each public college that offers the medication aide training program.

- **Microsoft Certified Professional**
  Microsoft Certification Programs reports that their database does not capture pass/fail rates for individual institutions.

- **Municipal Solid Waste Operator**
  The licensing body for this profession, the Texas Natural Resource Conservation Commission, does not currently have the tracking capabilities necessary to participate in the licensure report.

- **Nursing Facility Administrator**
  The Texas Department of Human Services does not track education data on their candidates.

- **Occupational Therapist Assistant**
  The Texas Board of Occupational Therapy Examiners began collecting licensure data in this field in August 2001, and will participate in the 2003 report. The National Board for Certification in Occupational Therapy is unable to provide information to outside agencies without receipt of a significant reporting fee.

- **Ophthalmic Technician / Assistant**
  The Joint Commission on Allied Health Personnel in Ophthalmology administers the licensure examination for this field. Though Tyler Junior College offers an ophthalmology program, no candidates took the licensure exam during this report's time frame.

- **Optician / Contact Lens Fitter**
  Certification in these fields is voluntary. The American Board of Opticianry and the National Contact Lens Examiners, the organizations responsible for certification, were unable to provide state or college-level data on their examinations.

- **Optometric Technician**
  The American Optometric Association does not track licensure exam data for individual institutions or states.

- **Orthotist / Prosthetist Assistant**
  The licensing agency in this field, the Texas Board of Orthotics and Prosthetics, does not require candidates to take an examination.

- **Phlebotomist**
  Certification in this field, offered through multiple organizations, is voluntary.

- **Real Estate Appraiser**
  The Texas Appraiser Licensing and Certification Board does not track data based on courses taken or college attended. Many Real Estate Appraiser candidates take coursework through multiple training providers, including trade associations, proprietary schools, internet/distance-based courses, as well as community/technical colleges and universities.

- **Real Estate – Inspector, Sales Agent, Broker**
  The Texas Real Estate Commission does not maintain records on the education background of its candidates.

- **Respiratory Care Practitioner**
  The National Board for Respiratory Care does not release examination information to third parties. The Texas Department of Health Respiratory Care Practitioners Certification Program does not maintain records on a licensee's credentials.

- **Social Work Associate**
  The Association of Social Work Boards (ASWB) administers licensure in this field. ASWB charges a report fee, and requires receipt of the payment prior to releasing data.

- **Surgical Assistant**
  The Texas Board of Medical Examiners will begin licensing surgical assistants in October 2002. The agency will participate in the 2003 Licensure Report.

- **Tax – Examiner, Collector, Revenue Agent**
  The Board of Tax Professional Examiners does not collect data on the educational background of their candidates.

- **Wastewater Operator**
  The Texas Natural Resource Conservation Commission maintains licensure information on this field. TNRCC does not track licensure information by training provider, college, or employer.

- **Water Operator**
  The Texas Natural Resource Conservation Commission does not have the resources required to process licensure data by institution. The agency is upgrading their database systems within the next year, so participation in the licensure report could be possible in the future.

Explanatory Notes for Tables

Explanatory Notes for Tables

CIP Code	The Classification of Instructional Programs (CIP) is a federal taxonomy developed by the U.S. Department of Education. It is used throughout the nation by government agencies and professional associations to establish standard terminology and record-keeping. The six-digit identification number of the instructional program includes both Technical and Tech Prep programs under the same program code.
Dates	Dates reflect the annual reporting deadlines to which the institutions must adhere. All testing during the period beginning with the fall semester and through the following summer semester is reported in the fall after the summer semester.
FICE Code	The Federal Interagency Commission on Education (FICE) six-digit identification number for an academic institution. Any colleges with one FICE code but multiple course work sites were aggregated into one name.
Institution	Name of an institution that offered the particular instructional program.
Licensure Exam	Title of the licensure examination. Not necessarily equivalent to the title of the instructional program to which the examination relates.
Passed	Number of students who passed the particular licensure examination. This information normally comes from the agency that administers the licensure examination.
Program	An organized unit of instruction directly related to the acquisition and/or upgrading of technical skills and for which a Coordinating Board-approved certificate or an applied associate degree is awarded.
Reporting Agency	An external agency, which grants authorization to practice in a particular occupational field after passage of a formal examination relating to that specific field.
Tested	Number of students who took the particular licensure examination. This information normally comes from the agency that administers the licensure examination.

Thirteen public community colleges offer Aircraft Mechanic programs. The Federal Aviation Administration monitors aircraft mechanic training school standards for the 300-hour General curriculum training program, and for the 750-hour Airframe or Powerplant curricula. It is not mandatory for mechanics to take and pass the examinations. However, an unlicensed mechanic is not allowed to return an aircraft to service after maintenance without a separate review and acceptance by a licensed mechanic. Candidates must pass the General examination with a minimum score of 70. Once a candidate has passed the General examination, he/she may then take a specialist examination for Airframe or Powerplant certification. Both of these exams also maintain a minimum passing standard of 70 percent.

An applicant must pass the written examination and all sections of the practical demonstration in order to receive a license. As the sole community college barber preparation program, licensure data was obtained directly from the institution. This is an exception to the THECB decision to only collect data from licensing organizations.

The reporting categories in this field have been revised for the 2002 Annual Report. Previously, all levels of licensure were reported under one heading: Emergency Medical/Paramedic. In order to more accurately document licensure exam performance, each level of certification is now reported separately. The pass rates from the 2000 and 2001 Annual Reports have been revised to reflect this separation. Forty-eight public community colleges offer programs in this field. The EMT-Basic curriculum is composed of 144-classroom hours and 72-clinical/internship hours, and is a prerequisite for both the EMT-Intermediate and Paramedic programs. The EMT-Intermediate curriculum is 96-classroom hours and 106-clinical/internship hours. EMTs at each level must pass a one hundred question, multiple-choice exam. While the first two levels of emergency medical technology are certificate programs, the Paramedic program, 212-classroom hours and 130-clinical/internship hours, can result in either an associate's degree or certificate. The Paramedic exam is composed of two hundred multiple-choice questions. The passing standard for all exams is 70 percent.

Thirty-four public community colleges in Texas offer programs in this field. The basic fire protection (structure) curriculum is 468-hours. The Structure exam is written and practical, both portions are equally weighted. The written portion has a 70 percent passing standard, and the practical portion is evaluated on a timed-skill point system. A candidate must pass both sections of the Structure exam to be licensed. Aircraft Rescue licensure requires candidates to pass both written and performance tests. Licensure as an Arson Investigator or Inspector is through written examination with a 70 percent passing standard. An Arson Investigator must also hold a current commission through the Texas Law Enforcement Officer Standards and Education agency as a Basic Peace Officer. The Driver/Operator-Pumper and Hazardous Materials certifications are voluntary. To be certified as a Driver/Operator-Pumper, an individual must participate in a 40-hour curriculum and pass both written and performance exams. The Hazardous Materials curriculum is a minimum of 80-hours, and candidates are certified after passing both written and performance tests. Dalene L. Randall, Acting Executive Director

Licensure data in this field had previously been solicited directly from San Antonio College, and reported as one total under the heading "Funeral Directing." This year's report contains data supplied by the agency that administers the licensure exam on both San Antonio College and Amarillo College, the two public institutions that offer the mortuary science program. Data is now reported under three separate headings as recognized by the Texas Funeral Services Commission, and data from the 2001 report has been corrected to reflect these categories. The National Board Examination consists of two, 250-question sections on Funeral Service Arts and Funeral Service Sciences. In Texas, a funeral director candidate must pass the Funeral Service Arts Exam, an embalmer must pass the Funeral Service Sciences Exam, and a funeral director-embalmer must pass both sections. A Texas licensure candidate must score a minimum of 75 percent or better on the appropriate exam. The ICFSEB operates a trimester schedule for exams, and the reporting period is the 2001 calendar year.

Sandy Smith, Executive Director

In 2002, the Texas Board of Professional Land Surveying changed the way it reported licensure exam data to the Coordinating Board. Previously, pass rate data was supplied for the licensure exam as a whole. This year, information was supplied on each part of the exam, and total pass rates were not given. The 2002 Report reflects this change. The Texas BPLS conducts two, four-hour multiple choice examinations on the legal and analytical standards for the profession. The Board uses a scaled-score to determine competency on each examination, which is converted to a minimum passing score of 70 percent. Six community colleges offer programs in land surveying.

Law Enforcement Data Reorganization

- Law Enforcement licensure data had been reported prior to the 2001 Licensure Report using the following codes:
  - 1000/1004 – Basic Peace Officer Academy CIP 43.0107
  - 1005/1006/1007 – Basic Corrections Academy CIP 43.0102
  - 1011 – Basic Peace Officer Academic CIP 43.0104
- In 2001, the Texas Commission on Law Enforcement Officer Standards and Education changed the way it reported licensure data to the Coordinating Board. The codes 1005/1006 – Basic Corrections Academy are now inactive reporting numbers, and the remaining codes are not used in reporting licensure information. For the 2001 Licensure Report, new reporting categories were created, but were not matched with the data from previous years. Those categories were:
  - Academy Peace Officer CIP 43.0107
  - Academic Peace Officer CIP 43.0104
  - Academy Corrections CIP 43.0102
  - Academic Corrections CIP 43.0102
- In order to more accurately track licensure data, the 2002 Licensure Report has reorganized all law enforcement data from prior years into the following categories:
  - Corrections – Academic CIP 43.0102
    - Includes data from Academic Corrections
  - Corrections – Academy CIP 43.0102
    - Combines 1005/1006/1007 data with Academy Corrections
  - Peace Officer – Academic CIP 43.0104
    - Combines 1011 data with Academic Peace Officer
  - Peace Officer – Academy CIP 43.0107
    - Combines 1000/1004 data with Academy Peace Officer
- A new law enforcement licensure exam has been added for the 2002 report:
  - Reserve Officer – Academy CIP 43.0107

According to the Texas Department of Health (TDH), certified Medical Radiologic Technologists include all practitioners in diagnostic radiography, nuclear medicine, and radiation therapy. Texas state law requires practicing Medical Radiologic Technologists to have completed an accredited training program and pass a TDH approved examination like that administered by the American Registry of Radiological Technologists (ARRT). Each certification examination conducted by the ARRT consists of two hundred questions. A scaled score of 75 is required to pass an exam. The use of scaled scores takes into account the differences in exam difficulty such that a scaled score corresponds to the same level of competence regardless of exam administration date. Twenty-two public community colleges offer an associate degree or a certificate in Medical Radiologic Technology.

Scores are scaled from 1 to 99, and a minimum scaled-score of 75 is required to pass. NMTCB offers a competency-based, computer-adaptive examination covering the topics of radiation safety, instrumentation, clinical procedures, and radiopharmacy.
